UNRIVALED protection
for your windshield

Improved Dynamic Glass provides protection against UV glare, water and road debris. Dynamic Glass has been engineered to act at a molecular level to increase the windshield's strength, providing a barrier to resist cracks and dirt. rain-x® Glass Treatment helps improve visibility by repelling rain, sleet and snow.

YOUR benefits

- Driving in pouring rain is difficult and tiring. Dynamic Glass provides a protective coating for your windshield.
- With Dynamic Glass and rain-x® Glass Treatment you receive two immediate benefits. The protection of Dynamic Glass and rain-x® Glass Treatment that helps improve visibility by repelling rain, sleet and snow.
- Dynamic Glass acts at a molecular level to increase the windshield's strength.
- The Dynamic Glass warranty stands to cover damage to your windshield should the product not protect.
- Two world class products: Dynamic Glass Protection and rain-x® Glass Treatment.

The warranty protection provided is only with regard to Dynamic Glass. rain-x® Glass Treatment is not associated with the warranty protection.
